

Tillicoultry Medical Practice Clackmannanshire

GP Partnership vacancy

4 sessions per week

www.tillicoultrymedicalpractice.co.uk

The Job

We are seeking a part-time GP to join us in partnership in Tillicoultry. Come and enjoy the variety of medicine that general practice in a small town has to offer, providing continuity of care to several generations of patients.

We are a training and teaching practice, and employ 17 staff. We work from spacious, modern, purpose built premises.

The Practice

We are a friendly bunch of hard-working GPs who are still enthusiastic about our jobs! We are proud of our dedicated staff.

We have a list size of approximately 8200 patients, mostly from Tillicoultry, but also from the other Hillfoot villages and the Alloa area. We benefit from a very mixed demographic making our work interesting and challenging....it is never dull! We use EMIS.

We are a very forward thinking practice and embrace changes to try to improve our working day. Our staff undertake Document Management which has reduced our Docman letters by

>80%. We are also improving Care Navigation to reduce unnecessary GP contacts. We work closely with the local Cluster to cultivate safe and effective medical practice.

The Team

Our GP team consists of 5 GP partners and a salaried GP.

We are a Training Practice affiliated to the East of Scotland Deanery (Tayside) and routinely have GP registrars attached to the practice. Two of our Partners are GP Trainers. We also enjoy hosting final year Medical Students from Dundee University on a regular basis- they keep us on our toes!

One of our partners has a seat on Forth Valley Health Board and is closely in touch with local and national health and social care strategy.

Our practice team includes two full time Advanced Nurse Practitioners who undertake daily triage and 'on the day' clinics, dealing with the majority of our minor illness. We also have a Practice Nurse, HCAs, a Mental Health Nurse and Extended Scope Physiotherapist. The team also includes an experienced Staff Nurse who supports our Nursing Homes.

We have attached Community Nurses and Health Visitors based on our premises. In addition we have input from visiting Pharmacy, Midwifery and Podiatry colleagues. There is a supportive and very friendly team of administrative staff.

We meet targets easily and have efficient systems in place, but are always open to ideas and trying to improve our practice.

Necessary Qualities

Enthusiasm for General Practice, and good company in the coffee room!

The Money

Our earnings are significantly above average. We own our practice premises. Whilst 'buying in' will be possible, it is not a requirement.

This post is eligible for a Golden Hello payment.

Application Process

If you are interested in finding out more, please contact our Practice Manager, Mrs Carol Christie, or come and visit!

Closing date for applications Friday 8.6.19

Please apply by sending your CV including details of 2 referees, and a covering letter to:

carol.christie1@nhs.net
